

S.S. NAESS CHAMPION ARRIVES... The largest tanker to call at the Port of Los Angeles arrived here last week with a cargo of 640,000 barrels of crude oil for Mobil Oil Co. The tanker, one of the two largest cargo ships sailing under the British flag, is 875 feet long, has a beam of 122 feet and a draft of 47.5 feet.

CONSTRUCTION STARTED... Ground was broken last week for the construction of a half-million dollar, 1,000-seat luxury theater to be built in the Rolling Hills Plaza Shopping Center at Pacific Coast Highway and Crenshaw Boulevard. Matt Appleman, California vice president of Sterling

Theater, was at the controls of a huge bulldozer to begin the project. The theater will be equipped to present any type of motion picture, including 70 mm Cinerama and high fidelity stereophonic sound, and will show first-run movies at popular prices, Appleman said.

Local Young Republicans Reject Kuchel's Challenge

U.S. Senator Thomas Kuchel's post-election challenge for California Republicans to move farther toward moderate liberalism as a political philosophy was repudiated in a resolution adopted here this week by the All American City Young Republican Club.

Kude said the resolution was intended to weld the fragmented elements of the California Republican Party behind "men of principle who are capable of leading all Americans to victory over socialism, collectivism, and communism."

President Jay Kude said the local club not only repudiated the sand taken by Senator Kuchel, but resolved to reject any attempt at "establishing Senator Kuchel as titular head of the California Republican Party."

Pastor Given Surprise Party

Instead, the club moved, in a separate resolution, to recommend that the leadership of the party in California be passed on to "the two finest conservatives in the state, Mr. Joe Shell and Mr. William Knowland."

A surprise house-warming party was given Pastor Manson Metcalf and his family by members of his congregation Saturday night at the Metcalf residence, 21529 Dolores St. Mr. Metcalf and his family came to Torrance this summer after serving two years in Africa in the Seventh-day Adventist mission field.

Church Gives Thanksgiving

Thanksgiving Day began with hymns and a Bible lesson for those attending services Thursday at First Church of Christ, Scientist.

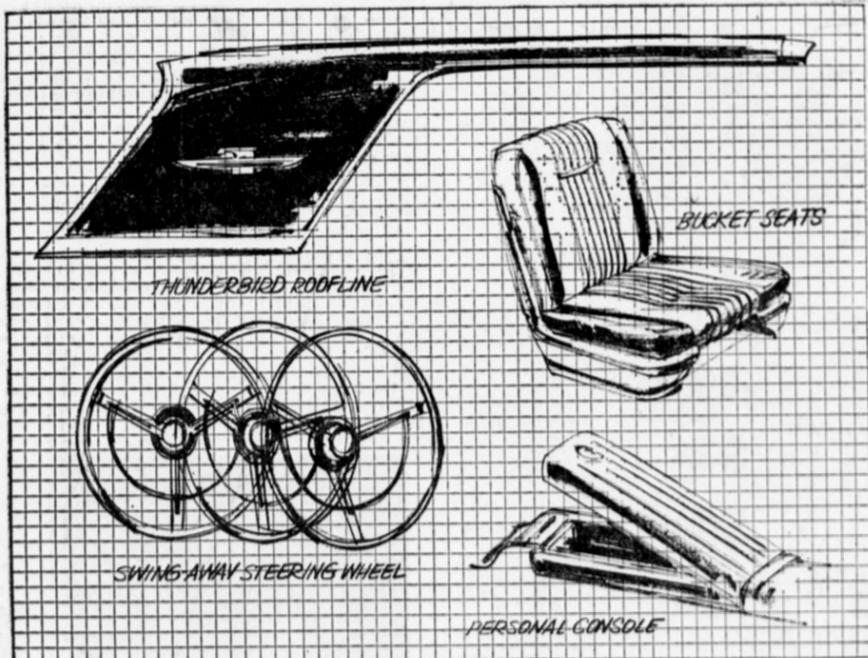

The traditional Christian Science service also included the reading of the Thanksgiving Day proclamation of the President of the United States, and a special period during which many members of the congregation stood up to say how grateful they were for what God has meant in their lives.

Among the Bible readings on the subject of Thanksgiving was this verse from Ephesians (1:3): "Blessed be the God and

Father of our Lord Jesus Christ, who hath blessed us with all spiritual blessings in heavenly places in Christ."

Selections from Science and Health with Key to the Scriptures" by Mary Baker Eddy, included this sentence: "To those leaning on the sustaining infinite, today is big with blessings."

The closing hymn was number 150 from the Christian Science Hymnal: "In mercy, in goodness, how great is our King; Our tribute, thanksgiving, with glad hearts we bring."

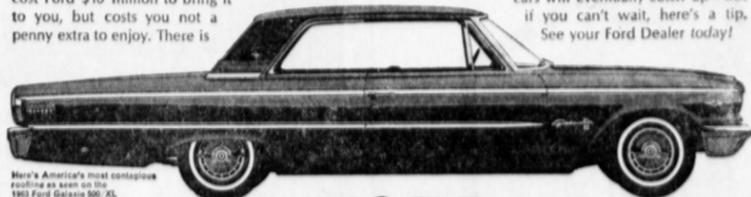

Ford ideas so contagious they started a new trend in cars!

If you think today's cars have a lot in common, credit the Ford sketches above. For these ideas sparked a revolution in car design that's reflected wherever you look on the American road.

Ford ideas have a habit of being exciting—practical, too. Consider the innovations found only in our '63s. There is Ford Galaxie's smooth new velvet ride. It cost Ford \$10 million to bring it to you, but costs you not a penny extra to enjoy. There is

Ford's full twice-a-year or 6,000-mile maintenance* schedule that cuts service worry and expense to a minimum. There's a new manual transmission that lets you shift down from second to first without coming to a stop. And for '63, there's the biggest choice of models ever offered—44 in all!

Only Ford offers all these advantages now. Other cars will eventually catch up—but if you can't wait, here's a tip. See your Ford Dealer today!

Here's America's most contagious feature as seen on the 1963 Ford Galaxie 500 XL.
